## CALL FOR RESEARCH PROPOSALS: 2020 UPCWGS RESEARCH GRANT

🕒 SEPTEMBER 27, 2019 👤 ADRIENNE MAGUDDAYAO

The University of the Philippines Center for Women's and Gender Studies (UPCWGS) is now accepting proposals for its *2020 UPCWGS Research Grant*.

The grant seeks to fund cutting-edge research on women and gender in the Philippines and the ASEAN region. Proposals should have a staff or faculty member from the University of the Philippines as the project leader. In the case of non-permanent staff or non-tenured faculty members, they should also make sure they have a permanent staff/faculty member as guarantor.

The UPCWGS will award funding of up to PhP200,000 to five (5) research projects on women and gender in the Philippines and the ASEAN region. Project duration should be within a six-month period, with an estimated start by March 2020.

Proposals should follow the format indicated in the **PROJECT PROPOSAL TEMPLATE** ([https://drive.google.com/file/d/134CQ0\\_ApDCXHc0GcLGe4IlgPERHbJGmU/view](https://drive.google.com/file/d/134CQ0_ApDCXHc0GcLGe4IlgPERHbJGmU/view)) and use this **CHECKLIST** (<https://drive.google.com/file/d/1wIMt9SQ-i5zY5YLH9ynRaCKxgAjV94U-/view>) for formulating their budget. Submissions should also include a proof of application for an ethics clearance if research poses more than minimal risk\* to human participants (in health and development research) and for research involving sectors that are marginalized or disadvantaged by virtue of their age, gender, social class, disability, ethnicity, and physical or mental health.

Please email your proposals to [research.cwgs@up.edu.ph](mailto:research.cwgs@up.edu.ph), with "RESEARCH PROPOSAL 2020" in the subject line, by **16 November 2019**.

\*A risk is minimal when the probability and magnitude of harm or discomfort anticipated in the proposed research are not greater, in and of themselves, than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests (National Ethical Guidelines for Health Research 2011).
